

B Oil the resistance tracks

オイルの塗り方

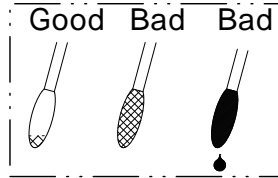

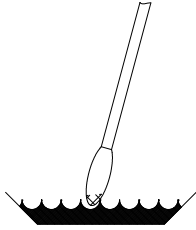

①

Start from the condition of A - ⑦.

作業Aの の状態から始める

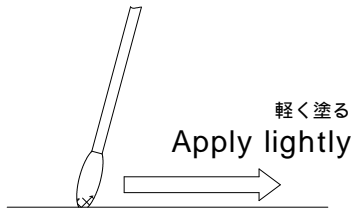

②

Dip a new cotton swab with oil without dripping or soaking up too much.

綿棒にオイルと染み込ませる
垂れたり、染み込ませ過ぎないように

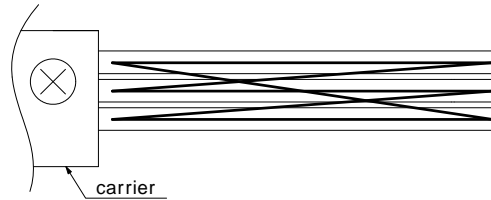

③

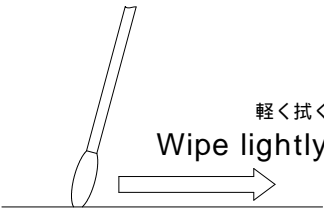

軽く塗る
Apply lightly

Apply oil to the entire area exposed between the carrier end and the end of the track, about 5 laps.

キャリアーからトラックの端までの範囲全体に
オイルを5往復程度塗る。

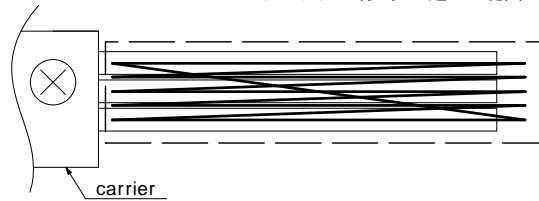

④

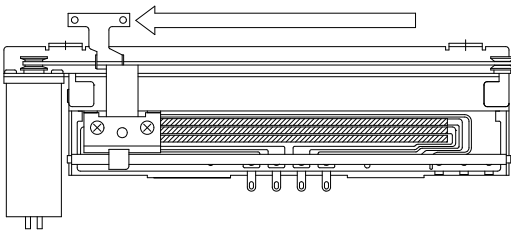

軽く拭く
Wipe lightly

With a new dry cotton swab, wipe the same area as previous step, but slightly beyond the edge of the resistance tracks about 20 laps.

新しい綿棒でキャリアーから
トラックの端を少し超えた範囲全体を20往復程度拭く。

⑤

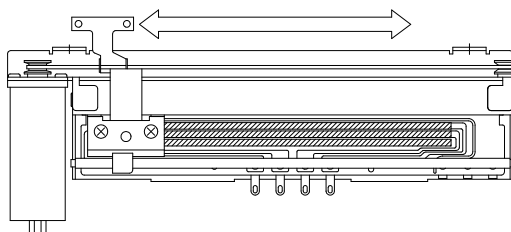

Turn upside down the fader to ease doing next steps, then slide the control lever to the other end.

作業しやすいように上下逆さまにし、
レバーを反対端に動かす

Do the same steps from ② to ⑤ with a new cotton swab.

から の作業を行う

⑥

Slide the control lever back and forth about 10 times.

レバーを10往復程度動かす
